Brookfield, IL —

The Village of Brookfield is introducing a new, optional program that would provide low-cost warranty protection for sewer lines.

The program, provided through the National League of Cities, offers residents an affordable way to avoid the unexpected and generally large expense involved with a sewer break line.

Brookfield residents will see offers in their mail boxes soon. Warranty protection is \$5.95 per month and will cover sewer line repairs up to \$4,000 plus an additional allowance of \$4,000 for public street cutting, if necessary.

The program is offered at no cost to Brookfield and no public money is used to promote the program.
