Utility Line Protection Program From Service Line Warranties of America

March 21, 2012 | admin | Comments 0

The City of Sanger is once again introducing the optional program available to homeowners, provided through the National League of Cities (NLC) Service Line Warranty Program administered by Service Line Warranties of America (SLWA). The Service Line Warranty program provides low cost, worry free warranty protection for sewer lines.

City of Sanger residents will see offers in their mail boxes soon. The cost for citizens who choose to purchase the warranty protection is $5.25 per month, and will cover sewer line repairs up to $4,000 plus an additional allowance of $4,000 for public street cutting, if needed. The program is offered at no cost to the City of Sanger, and no public funds are used to promote the program.

"We are pleased to work with the City of Sanger to offer homeowners an affordable Service Line Warranty program," said Brad Carmichael, Vice President of Business Development for Service Line Warranties of America. "We think Sanger residents will be pleased with our features and benefits, including a 24-hour repair hotline and the use of local, certified technicians. This keeps dollars in the local economy, an important benefit in these tough financial times."

SLWA is proud to have been selected by the NLC as an Enterprise Programs Partner. The National League of Cities, representing over 218 million Americans, is the nation's oldest and largest organization devoted to strengthening and promoting cities as centers of opportunity, leadership and governance. After a decade in business, SLWA has an A+ rating with the Better Business Bureau.
